

## Dinosaur competition

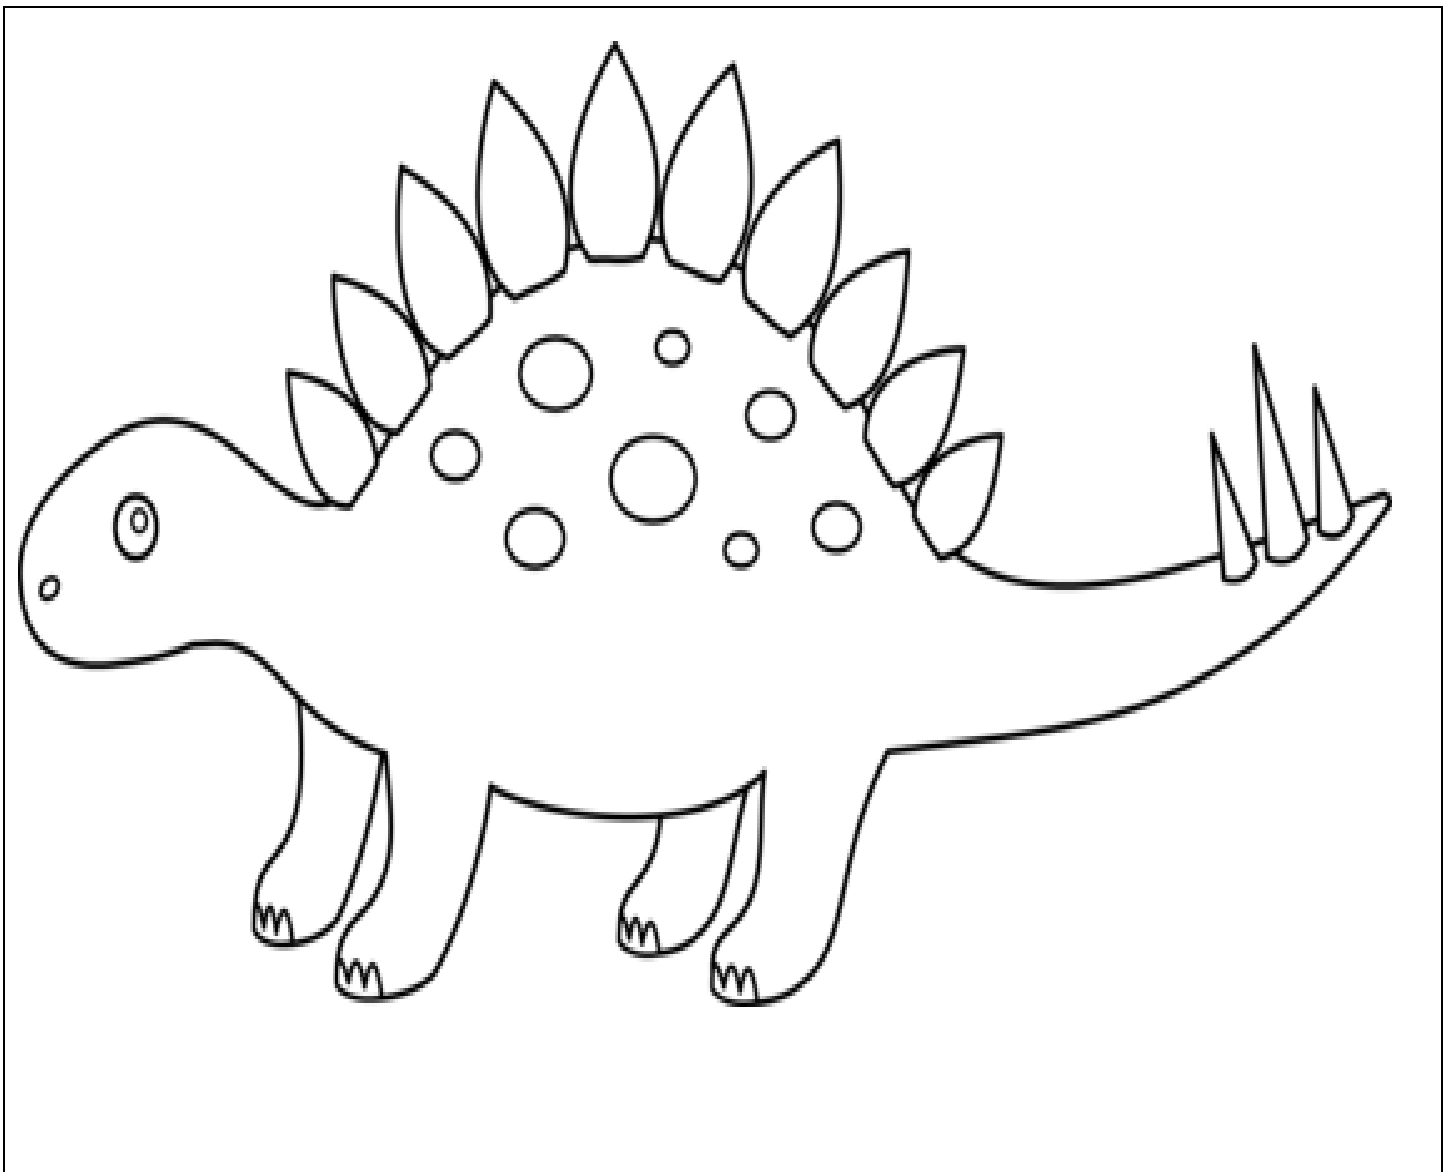

We have, in school, a Papier-mâché Stegosaurus. At the moment he/she is just plain brown.

We would like you to research the possible colours of the Stegosaurus. You can do this at home OR in school. If you do this at home, you can get grownups to help you.

The winning entry will have the opportunity to choose two people to help decorate our Stegosaurus; these can be friends in school, or even a member of your family!

The newly decorated Stegosaurus will join our Tyrannosaur Rex in our new Dinosaur corridor.

Name:	Class:
-------	--------

You can label your Stegosaurus and explain to us why you have decorated him/her like you have.

**All entries need to be handed into your class teacher by Friday 9<sup>th</sup> February**
