

Dear Parents and Carers,

I am writing to inform you that Reception children will be taking part in a sponsored Tough Mudder to raise money towards Cancer Research. The children will receive a medal on completion of the event. Donations of £1.00 would be greatly appreciated.

Tough Mudder is a wet and muddy obstacle course that children can complete as many times as they can. The children will get very wet and muddy!

Tough Mudder will take place Friday, 15th June at 2:15pm on the school field. All family members are invited to come along to encourage and support the children to complete the course.

We ask that all children come in their school uniform but bring old clothes and trainers into school on that day. You may want to bring a towel along as they can get cold after the race.

Once the LAST Tough Mudder lap is completed, the class teacher will escort the children back to the classroom to collect their belongings and then they will be free to leave **if there is an adult waiting for them.**

We are really excited about this event and ask for as much support with sponsor money and encouragement on the day as possible.

We look forward to seeing you on Friday 15th June 2018.

Yours Sincerely

Mrs Bellfield
EYFS Lead
